

Forensic Science

Forensic Science LabPaqs contain traditional lab experiments that are uniquely designed to mirror those performed on higher education campuses worldwide.

- Forensic LabPaqs are widely adopted for *online and on-campus* courses at both the non-science major and the criminal justice program levels.
- Forensic LabPaqs come **complete** with a full color lab manual on CD, plus all required science equipment, chemicals, and supplies such as Leuco Crystal Violet for detecting latent blood.
- Over 20 **academically-aligned** experiments and exercises complement and reinforce Forensic Science and Criminal Justice curricula and learning objectives.
- Forensic LabPaq experiments are very **well-designed**. They were initially developed by Certified Senior Crime Scene Analyst Richard Tewes and are continuously improved through collaboration with the extensive Hands-On Labs' academic community.
- LabPaqs are **SAFE, fully insured**, and have a 15-year, 100% safety record.
- LabPaq **Answer Keys** and **Grading Rubrics** are available.
- LabPaqs are developed and produced by an **educator-owned company** with a sincere commitment to foster excellence in online as well as on-campus science education.
- LabPaqs are assembled to exacting quality control standards.
